eCPE Login Instructions for Students

The electronic version of CUNY Proficiency Exam results report, eCPE, is now available via the CUNY Portal (www.cuny.edu). To access eCPE, follow the directions below.

On the main portal page (see Figure 1), click the Log-in item at the bottom of the menu on the left side of the page. The portal login page will be displayed (see Figure 2).

A CUNY Portal account is required to access eCPE. If you have an account, enter your username, and password, and click the Log In button.
If you have not yet set up an account, you must do so. Click the Register Now! link, and follow the registration instructions; be sure to register as a Student.

When you have logged in to the portal, your customizable MY PAGE will be displayed (see Figure 3).

Click the CPE Results link in the SSO Applications for Students box. In order to access certain confidential personal information (e.g., CPE test results, financial aid data) students are required to verify their identity by supplying their Social Security number; this verification is required only once. If you have not yet verified your identity the ID Verification page will be displayed (see figure 4).

Enter your Social Security number, and, if you wish, any other names by which you are known, and click the Submit button. You will be asked to confirm the information you have entered (see figure 5).
Re-type your Social Security number, and click the Submit button. When your identity has been successfully verified, the Student Information Center main page will be displayed (see Figure 6).

Click the Testing item in the menu on the left side of the page. A CPE Result sub-item will be displayed below the Testing item (see figure 7).
Click the CPE Result sub-item. An electronic version of your most recent CPE results report will be displayed (see Figure 8).
